Union Global Partnership Project

Approximately every decade, the General Conference invites established Unions to partner in supporting the mission work in developing mission fields. The Australian Union Conference is partnering to support the mission work in Laos and Timor-Leste (East Timor), similar to what has been accomplished in the Global Mission partnership with Mongolia over the last 10 years.

Timor-Leste is a country adjoining Indonesia with just over 1.2 million people facing significant issues in the areas of health, sanitation, education and human trafficking. While religious freedom is upheld in the constitution, the country is 97% catholic with reports of religious freedom issues and harassment against the 3% mainly protestant minorities.

The Union Global Partnership offering will provide funds for outreach initiatives and events in partnership with the local missions of these countries. Teams of volunteers from Australia will travel to Laos and Timor-Leste and provide much needed support; training and community services to further the Gospel Mission in these largely unworked territories.

APPEAL

Our faithful generosity today will help advance God's work in these challenging mission fields allowing us to have "boots on the ground" and a broader impact.

PRAYER

Thank you Lord for people who are committed to using what you have entrusted them with to fund your work in countries that have great need. May many come into a saving relationship with you as a result of those who faithfully answer the call to give this morning. Amen.
